

# Only Forever

Demi Lovato

I've been thinking about the future  
And I've been thinking about the now  
I know we're gonna be together  
I just don't know how You know when we get close  
Can't deny the tension between us both  
And I don't wanna pressure you  
But I think you need to make a move I've been waiting (I've been waiting)  
And I'll keep waiting (and I'll keep waiting)  
Only forever, only forever  
Only forever, only forever  
Only forever, only forever  
Only forever, only forever  
Yeah, I can tell that you're terrified  
To take a shot this strong  
Should I wait up for you day and night  
Just let me know how long You know when we get close  
You deny the tension between us both  
And I don't wanna pressure you  
But I think you need to make a move 'Cause I've been waiting (I've been waiting)  
And I'll keep waiting (and I'll keep waiting)  
Only forever, only forever  
Only forever, only forever  
Only forever, only forever  
Only forever, only forever  
What if I told you it's too late?  
What if I say that I can't wait?  
What if I meet somebody else  
Who doesn't leave me on the shelf?  
I'll give you one more chance, but it only lasts Only forever, only forever  
Only forever, only forever  
Only forever, only forever  
Only forever, only forever  
Only forever
