Weave

Jaggery

Oh yeah, yeah
I will shine, yeah
I'll keep it flowing 'til the end of time
I'm on my way, yeah
Barely livin' only for today
I'm gonna buy my baby a new backbone wig
My wave is gonna come in soon
You will find
I'll keep it flowing 'til the end of time
Weave your grace with mine
Wiggle your backbone wig with me, baby
Wiggle your backbone, backbone
On my own child
When I'll call you baby on the phone
No one's home, no
Still you'll act as if you're all alone
No, I'm gonna buy my baby a new backbone wig
My wave is gonna come in soon
You will find, you will find, find
I'll keep it flowing 'til the end of time
Weave your grace with mine
Wiggle your backbone wig with me, baby
Wiggle your backbone, backbone
Oh now, you make me wanna shine?
I'm gonna shine
Everybody shine, shine, shine
I'm gonna buy my baby a new backbone wig
My wave is gonna come in soon
You will find, you will find
Keep it flowing 'til the end of time
Weave your grace with mine
Wiggle your backbone wig with me, baby
Wiggle your backbone
Wiggle your backbone, yeah
Wiggle your backbone, oh yeah
Wiggle your backbone wig with me, baby
Wiggle your backbone
Wiggle your backbone, yeah
Wiggle your backbone wig

Don't take that backbone home
And don't it make you wanna shine
