# New Impression

## Gates Praise

nothing else matters,
when I'm here with You, Lord
what could be more important?
what could help go through
all the lonely days that's tearing us?
and all the things I said I'll, never try
You mercies are new
every morning I wake to see Your great power
in every breath that I take

so make a new impression on my heart
Lord make a new impression on my heart
yes, make a new impression on my heart
a new

I care less about living
I'd rather be with You, Jesus
I want a new way of living
one that shines for You
I want to breathe You in
exhale You out
and let me every move be
Your great love
Your mercies are new
every morning I wake to see Your great power
in every breath that I take

so make a new impression on my heart
Lord make a new impression on my heart
yes, make a new impression on my heart
a new

when my heart speaks out
I hear You
when my eyes are gone
I see You (repeat)

(make a new impression on my heart
where I am changed

yes, I'm changed)

surrender all to Him
just lift up your hands and sing
Lord I will serve You
Lord I will worship
I'll follow You

Lord I will follow You
I place all my trust in You
in everything I do
Lord I follow
