## **Love Can Damage Your Health**

## **Télépopmusik**

And you sold it to her Now you feel fooled She's the one gone bad

she'll do it anyway And take the lead and say She won't be kind, no Realise

Because she's too nice for you
And your too nice for her
You don't let each other burn
Gay parie
Because you know comes a time
When love will unwind
Somebody suffers, what's new
Still you

So you know that it's over Love can damage your health

You don't put up a fight

If you don't let each ther get worried

You know there's a time
So don't let down your guard
Even keep up your sheild
Because she doesn't care
Just what they say

So you know it's over Love can damage your health

I brought you something close to me Left for something you see though you're here

You haunt my dreams
There's nothing to do but believe
Just believe, just breathe
