Incredible Feelin'

Slim Thug

So incredible, ladies and gentlemen
This is a Jazze Phazelle, Slim Thugga
Slim Thug, Collaborinzale
Oh boy, oh boy, oh boy
It's such an incredible feeling
In this past year I done made a few million
I tried to hide it, but ain't no concealing
Stacking my paper, up to the ceiling
Pimping since pimping been pimping
Macking since macking been macking
Y'all niggaz talking, but me and my niggaz make it happen
Y'all niggaz talking, but me and my niggaz make it happen
Y'all niggaz talking, but me and my niggaz make it happen
Slim having major change man, and it ain't no secret
With them diamonds chains and rings, it ain't hard to peep it
You can catch me in the shopping mall, ridiculous bash
Check my restroom trash, all I do is pop tags
And drop rags off of show room floors
Fa sho', I change loads like ho's change clothes
The whole industry knows, how we roll down in Texas
Phantom Rolls on 24s, rose gold diamond necklace
Slim shows and tell, so these ho's know me well
I been closing candy doors since Pac was in jail
Hell, I can't complain it's a beautiful feeling
From being broke on ya ass to having cash to the ceiling
It's such an incredible feeling
In this past year I done made a few million
I tried to hide it, but ain't no concealing
Stacking my paper, up to the ceiling
Pimping since pimping been pimping
Macking since macking been macking
Y'all niggaz talking, but me and my niggaz make it happen
Y'all niggaz talking, but me and my niggaz make it happen
Y'all niggaz talking, but me and my niggaz make it happen
I was a mill plus before this record deal stuff
You niggaz talking but we walking shit, for real wit' us
They think we country and ain't up on game
Until they see them different colors in the Boss Hogg chain
Or the blue spray Bentley valeted outside of the club

Is that 50 or Jay-Z, naw baby it's thug
And I ain't playing in no league, or on teams with Steve
I ain't get this from no settlement that I didn't receive
Please believe, the world ain't seen too many me's

I don't think the Lord created a lot of these G's
'Cause these days I just sit back enjoying the feeling
I was broke on my ass now my cash to the ceiling
It's such an incredible feeling
In this past year I done made a few million
I tried to hide it, but ain't no concealing
Stacking my paper, up to the ceiling
Pimping since pimping been pimping
Macking since macking been macking
Y'all niggaz talking, but me and my niggaz make it happen
Y'all niggaz talking, but me and my niggaz make it happen
Y'all niggaz talking, but me and my niggaz make it happen
Pimping ain't dead, these ho's just scared
You see it everywhere, but it starts in ya head
Next comes the bread, shits sweet like Jiffy
Used to do beats for a G, but now a nigga get fifty
It's my time to shine, hard times behind me
Forty gold and platinum plaques, and still climbing
And if I lose money, then the paper come find me
Said I was through with rapping, till Sho Nuff signed me
Thank God for the change, 'cause every body ain't able
Made a mill slanging beats, that's not including my label
Jazze Pha, Sho Nuff and every crib with some cable
I got a dollar worth of dimes in my stable
It's such an incredible feeling
In this past year I done made a few million
I tried to hide it, but ain't no concealing
Stacking my paper, up to the ceiling
Pimping since pimping been pimping
Macking since macking been macking
Y'all niggaz talking, but me and my niggaz make it happen
Y'all niggaz talking, but me and my niggaz make it happen
Y'all niggaz talking, but me and my niggaz make it happen
It's such an incredible feeling
In this past year I done made a few million
I tried to hide it, but ain't no concealing
Stacking my paper, up to the ceiling
Pimping since pimping been pimping
Macking since macking been macking
Y'all niggaz talking, but me and my niggaz make it happen

Y'all niggaz talking, but me and my niggaz make it happen
Y'all niggaz talking, but me and my niggaz make it happen
