

# I Really Wanted You

## Pansy Division

I heard you're getting married  
It seemed inevitable to me  
Cause I was with you the night you met her  
She had you hooked instantly  
At the very first I thought it wouldn't last too long  
Pretty soon I realized my estimate was wrong  
Well I guess it's kinda late now  
To say what you already knew  
I really wanted you  
I know it
