My Shepherd

Billy Fields

He leads me, beside the still waters
and He gives the greenest pastures for my bed
He restores my soul, in a world that gets so cold
and sometimes He pours oil on my head

(chorus)
the Lord is my Shepherd
I am so glad I am His lamb
He takes care of me, in a world with so much grief
and one day in His house, I will ever live with Him

He often lets me sit at His table
all the enemy can do is watch me eat
at times my cup's so full I can't speak a single word
and His goodness and mercy follow me

repeat chorus x2
