Carnt Sleep

Saint Etienne

You know the hurt's so deep
That I can't sleep or eat
And what I'm hoping for
Is to feel your kisses sweetIf we could just talk
Things might be a little more clear
I really need the chance
To explain the way I feelI can't sleep
(Can't sleep)
Thinking of you constantlyI can't sleep
(Can't sleep)
Wishing you were here with meI can't sleep
(Can't sleep)
Where are you please?When I get home from work
Sit down and watch TV
The night falls
Just like a bad dreamI can't sleep
(Can't sleep)
Thinking of you constantlyI can't sleep
(Can't sleep)
Wishing you were here with meI can't sleep
(Can't sleep)
Where are you please?I can't sleep
(Can't sleep)
Thinking of you constantlyI can't sleep
(Can't sleep)
Wishing you were here with meI can't sleep
(Can't sleep)
Where are you please?
