Sometimes

Treponem Pal

Time?s come for brain implosion
Bodies throb strange pulsations moon

Fear and blood fit complexion
Ribcage nerves are breaking down moon

Feel it now so impotent
Head and hearts are filled with wild ghosts moon

THE FULL MOON THE RISING MOON THE GREAT MOON THE FULL MOON

Your turn fever my turn fever
Your turn my turn fever

Souls bodies all asunder
After pain desolation moon

THE FULL MOON THE RISING MOON THE GREAT MOON THE FULL MOON

Acts and thoughts move in a storm
I vanish cos all is done moon

THE FULL MOON THE RISING MOON THE GREAT MOON THE FULL MOON
