Power To All Our Friends

Vocality

Power to all our friends
To the music that never ends
To the people we want to be
Baby, power to you and me
There's one old man spends his life growing flowers
And caring for the bees, power to the bees
There's one old lady spends her days making wine
The wine tasted fine, power to the vine
Power to the boys who played rock 'n' roll
And made my life so sweet
And to the girls I knew before
And those I've yet to meet
Power to all our friends
To the music that never ends
To the people we want to be
Baby, power to you and me
There's one strong man ploughing in the valley
He's living off the land, power to the land
There's some young girl laying down in Monte Carlo

Laying in the sun, power to the sun
Power to the boys who played rock 'n' roll
And made my life so sweet
And to the girls I knew before
And those I've yet to meet
Power to all our friends
To the music that never ends
To the people we want to be
Baby, power to you and me
Power to the boys who played rock 'n' roll
And made my life so sweet
And to the girls I knew before
And those I've yet to meet
Power to all our friends
To the music that never ends
To the people we want to be
Baby, power to you and me
To the music that never ends
Baby, power to all our friends
