

# Sing Me to Sleep

[Fran Healy](#)

Michael lived on the other side  
Dreamed he was an only child  
Wake up screaming in the middle of night  
Danced with the devil on the dark side  
We got married in a Vegas bar  
With confetti on the dance floor  
No tin cans trailing from behind a car  
Throwing quarters out the back door  
Sing me to sleep tonight  
Sing me to sleep tonight  
No memory tonight  
Sing me to sleep tonight  
Under cover  
One of the other  
Sing me to sleep tonight  
(I wanna hold you but it's just too late now)  
Sing me to sleep tonight  
(I wanna hear you say it's all gonna be alright)  
No memory tonight  
(I wanna hold you but it's just too late now)  
Sing me to sleep tonight  
(I wanna hear you say it's all gonna be alright)
