Peppermint

Toomy Disco

Those were our last nights and we knew
Smoked another Camel Blue
Your apartment was my world
The light bulbs were the stars
The fire burned like our heartsTime would pass without a trace
Watch the sunset on your face
Making love as morning comes
Whisper something warm
Wanting more and more and moreI still feel your kisses burn with peppermintCan't forget the scent of you
Let it linger
No one ever came closer
Your movements in the dark
Does it hurt to be apart?Don't say it's over
Don't say it's over
Don't say
Don't say it's over
Don't say it's over
Don't sayDon't say it's over
Don't say it's over
Don't say
Don't say it's over
Don't say it's over
Don't saySomething about you
Was different
I still feel your kisses burn with peppermint
There was something in your touch
That felt different
I still feel your kisses burn with peppermintDon't say it's over
Don't say it's over
Don't say
(There was something about you that was different
I still feel your kisses burn with peppermint)Don't say it's over
Don't' say it's over
Don't' say
(There was something in your touch that felt different
I still feel your kisses burn with peppermint)
