

Panorama

The Cars

I'm gonna get what's coming to me
No surprises, no impressions
Hey, what's a wrong with you tonight?
Just sittin' on your can doin' the panorama With nothin' to contemplate
With nothin' to search for
With nothin' to integrate With nothin' to do
'Cept think about you
With nothin' to do
'Cept fall for blue I just wanna be in your panorama, yeah
I just wanna be in your panorama I'm gonna to take what's comin' to me
No entanglements and no compromise
Hey, get the picture, I'm on my knees
Lookin' at your hot shot turnin' down your offer Well, I'm rippin' it up
All lookin' away
I'm pullin' my flag up
'Cause I'm miles away
With nothin' to do
'Cept think about you, yeah I just wanna be in your panorama
Well, I just wanna be in your panorama I'm gonna to find my way out of here
No pushing the buttons, no deals with daddy-o
I'm goin' to get myself in trouble
Gonna take my chances if I'm breaking your bubble Well, I'm rippin' it up
I'm lookin' away
I'm pullin' my flag up
'Cause I'm miles away
With nothin' to do
'Cept, think about you I just wanna be in your panorama
Said, I just wanna be in your panorama
Well, I just wanna be in, I just wanna be in
I just wanna, I just wanna be in your panorama Panorama, panorama I just wanna be in your panorama
Panorama, panorama
I just wanna be in your panorama
Panorama
I just wanna be in your panorama
Panorama, panorama Panorama, panorama
Panorama, panorama
Panorama, panorama
Panorama, panorama
