

Criminal

Cassie Davis

See it started off and we were happy
Hanging out, just you and me
I was your girl, you were man
How'd we end up like this, don't understand
Somethings change and its me
And you know I'm truly sorry
Cried out for help, you didn't listen
Wasn't my intention, to it I was driven
Stole his heart and now
I can see it in his eyes
I'm killing him inside
I was driving recklessly
Now our relationship is weak
And its all because of me
I feel like a criminal on the run
I want you to catch me now
Before this comes crashing down
I feel like a criminal
Bail me out
Back to just me and you
Can you forgive the truth?
Criminal criminal
Criminal criminal
I look around what am I doing
All the wrong things I be pursing
I just broke down looked in your eyes
I saw your face made me realize
All the thing I've been dealing with
Pushed me out right to the edge
I'm bout to fall jump into nothin'
But it stopped me when I see you come running
Stole his heart and now
I can see it in his eyes
I'm killing him inside
I was driving recklessly
Now our relationship is weak
And its all because of me
I feel like a criminal on the run
I want you to catch me now
Before this comes crashing down
I feel like a criminal
Bail me out
Back to just me and you
Can you forgive the truth ?

Criminal criminal
Criminal criminal And I don't know were I stand
Do I still fit in your plans
Cause I fled the scene for way too long
And I don't know if you see
Forever you and me
For that its worth I'm still holding on Driving recklessly
Now our relationship is week
And its all because of me I feel like a criminal on the run
I want you to catch me now
Before this comes crashing down
I feel like a criminal
Bail me out
Back to just me and you
Can you forgive the truth?
