

Amylase

Cajun Dance Party

Let's not forget, let's not forget what happened in the past
You were right, you were wrong, yeah, but everything was fast
So when we build this ship remember to make it last
Increase the time it takes to paint and build the mastlet's save this game for never
Or you know this could be chess forever
I'll take your piece, then you'll take mine
Stalemate and we've just wasted time Yeah, the past's the route of the growing that happens now
So let's remember not to turn on straight to a row
We can see through the haze of misty glaze
So now let's travel positively forward through the mazelet's save this game for never
Or you know this could be chess forever
I'll take your piece, then you'll take mine
Stalemate and we've just wasted time We'll swim through the fields of hay you're the catalyst that makes things
faster
Amylase will dry up the plaster
