

# Primitive

## Neil Diamond

Primitive  
Yeah, that's how I feel  
When I look in your eyes,  
I feel primitive  
Uncivilized  
Like something  
From out of the heart of the jungle,  
Uncivilized  
Foolish mind  
Believing that passion  
Is somehow a rational thing at all  
And that's when you take that fall  
I'm livin' my life  
In such a primitive way  
I was doing alright before you came  
I said okay,  
You said okay, it's okay  
Tentative  
There's nothing about you  
That's even the slightest bit tentative  
But you remain,  
Still you're a woman  
And yet in a way representative  
Of woman kind,  
Believin' the notion  
That love and devotion will rise again  
Why can't we just be friends  
I'm living my life in such a primitive way  
I was doing alright before you came  
I said okay,  
It's okay, it's okay  
Just look at me  
Feel like a river of quivering jelly,  
No man at all  
'Cause no man would take that fall  
I'm living my life in such a primitive way  
I was doing alright before you came  
I'm living my life in a primitive way  
Yeah,

I was doing alright before you came  
I'm living my life in a primitive way  
Yeah, I was doing just fine  
Before you came
