

# It Runs In the Blood

## Most Precious Blood

Let go  
Test the limits of desire  
Let go  
Penetrate to play with fire  
Faceless names in nameless places  
Of hope we only find traces  
Fuck your addiction  
You're not the only one it's killing  
Black ink failed  
Dry well  
Well dry  
Will try  
Will try not to fail  
I know how this will end  
Every scar has a story  
No guts, no glory
