Whiskey & Green Tea

Supergrass

Whiskey and green tea
At the KTV
Whiskey and green tea
Nearly killed me
At the KTVMy room, the red... no rules
I've been watching walking, talking dogs
Doing karate moves
Oh, being chased by chinese dragons
Through revolving doors
To the thirteen floor
To be greeted by military ...
And middle-aged schoolgirls
Oh, being chased by chinese dragonsWhiskey and green tea
At the KTV, Sing along with me
Whiskey and green tea
Nearly killed me
At the KTVI was found in a hood town haze
Crawling off of big city walls
Like a bond square bandit
Oh, being chased by William Burroughs
Little rickshaw girl
With a cocksure smile
Looking at fire in her eyes
Took me out of this world
Oh, being chased by Chinese dragonsWhiskey and green tea
At the KTV, Sing along with me
Whiskey and green tea
Nearly killed me
At the KTVWhiskey and green tea
At the KTV, Sing along with me
Whiskey and green tea
Nearly killed me
At the KTVWhiskey and green tea
Whiskey and green tea
Whiskey and green tea
Nearly killed me
At the KTV
