*** I'm movin' bricks, long way from a 4 man
Used to be tha droe man, nawl I'on smoke man
Tryna see it big in tha stop to kick doors man
Stack fa da show man 20 grand, oh man
Even got my own gear wit stoney on tha clothes man
Sixes not four man, platinum not dough man

Haters don't understand, I'm not tryin' to be tha man
I wasn't born wit a silver spoon but *** I'm tha stunt man

I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
Had real big dreams since I was young to be tha stuntman
2 kids and a wifey with anything I want man
How to be a superstar, how to drive the finest cars
Son ain't nun but seven years old and already got a car
[Incomprehensible] is good too, coped her a cellphone
Never turn on my crew, D4L we made it home
We stay in tha trap, tryna get that money up
So [Incomprehensible] gone stunt 'cuz he got mega bucks
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman

I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
So, in tha club I'm throwin' money man
They try to stop me but stuntman gone still shine
And these diamonds in my necklace they gone still shine
Dem *** hate but this boy ridin' 26's
AC blowin' with tha crew pullin' plenty ***
Hang low but I'm still poppin' rubberbands
What's your name?
*** I'm tha stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
I got money man, I got money man, stuntman
