

Close to the Sun

[Alan Doyle](#)

We were glowing
Like a flame
Under cover night and day
You took me up so high
It felt like a paradise
Breathing you and breathing you out
We fell like shooting stars
Like we went up too far
Nowhere to go but down
It was so beautiful
Before the fall
I'm flying too close to the sun
It was so beautiful
Before the fall
I'm flying too close to the sun
I was all yours
I felt the earth turn
Shooting so high
We had to get burnt
It was so beautiful
Before the fall
I'm flying too close
I'm flying too close to the sun
Yeah! Ey!
Oh I miss you
Missing me
And all the things we'll
Never be
You took me up so high
It felt like a paradise
Breathing you and breathing you out
We fell like shooting stars
Like we went up too far
Nowhere to go but down
It was so beautiful
Before the fall
I'm flying too close to the sun
It was so beautiful
Before the fall

I'm flying too close to the sun

I was all yours

I felt the earth turn

Shooting so high

We had to get burnt

It was so beautiful

Before the fall

I'm flying too close

I'm flying too close to the sun

You've written in my heart

I'll always remember you

Remember me

Together but apart

I'll always remember you

You set me free, oh

Oh, whoah!

It was so, so

I was all yours

I felt the earth turn

Shooting so high

We had to get burnt

It was so beautiful

Before the fall

I'm flying too close

I'm flying too close to the sun

I'm flying too close

I'm flying too close to the sun

And I'm flying too close

I'm flying too close to the sun
