Only Got So Much Time

Bucky Covington

Lifes too short to drink cheaper wine
And God dont like you
The way sun shine in Napa Roth
Weve only got so much timeYou take a vacation
Every once in a while
We buy some new clothes that aint out of style and put em on
Weve only got so moch timeIf you gonna dance you gotta tear it on the dance floor
You sing, sing out the top of your lungs
And act like its more you never heard before
Thats right, weve only got so much timeHop you in the truck if somebodys moving
Call up your brother, just say how youre doin
How bout them stealers boy
Weve only got so much timeWhen a baby gets born, hand out cigars
Get back with the kids in your own backyard
Play flashlight tag
Weve only got so much timeIf you gonna dance you gotta tear it on the dance floor
You sing, sing out the top of your lungs
And act like its more you never heard before
Thats right, weve only got so much timeWhen I sit at the table dont forget to say grace
And dont be afraid, you took Ty in the base
Cause after all
Weve only got so much timeAnd they were friendly too
And give it, dont wrong it
Can sit by the ocean and pretend that you own it
Yea, you know Weve only got so much timeIf you gonna dance you gotta tear it on the dance floor
You sing, sing out the top of your lungs
And act like its more you never heard before
Thats right, weve only got so much timeWeve only, weve only
Weve only got so much time
