

Winter Dreams (feat. Lowkey)

Haze

[Haze]

[Verse 1] Heres a message to the newborns
Ive seen a lotta nights turned cold in my winter dreams
Within the realest picture vision what the feeling means
The same feeling that I feel and try to feed the dream
The same reason theres a reason for it reason being
Being that Im chosen see Ive always seen the deepest scheme
Real life
Im in light and I can feel the deen
But on the other side flip that
We be on the rotag
Really tryna get that
Bunnin on the spliff chillin sittin wild rest that
Life that we live see you gotta watch your head back
Righteous
I aint livin right but Im blessed that
Nigga on the run
Eatin like I come from LeFrak
I can see an angel and a devil in a deathmatch
My souls tied to the most highest blessed that
Through my winter dreams
I can see the light
Its freezin cold
But the mornins bright [Charles Chaplin]
[The Great Dictator] I dont want to be an emperor
Thats not my business
I dont want to rule or conquer anyone
I should like to help everyone if possible
Jew, gentile, black man, white
But we have lost the way
Greed has poisoned mens souls
