

That's the Very Moment

Daniel Romano

I got up with a full and happy heart

Another sunny day

I couldn't wait to start

I combed my hair

Walked down the stairs

To wait for the phone to ring

Just before the momen that I lost everything You didn't call so I thought I'd go to you

Thought I'd surprise you with some flowers

That I tied all up in blue

I skipped and hopped

For seven blocks

And with every skip I'd sing

Just before the moment that I lost everything I couldn't wait to see your face when I arived

For your sweet love's the only reason I'm alive

And I swear I sit inside my head

I know I'd rather die

Than to be without that woman in my life I walked up your stairs

And knocked at your front door

And I heard the creek of footsteps

Walking on the floor

You didn't come to answer it

So I gave the bell a ring

Just before the moment that I lost everything
