Keep On Singin'

Sunny Side Up

You can look in the eyes of a stranger
You can run through a field in the rain
You can take it as far as it goes 'cos it's all the same
You can put two and two together
But you stil don't know right from wrong
You'd better find your saving grace in a song... and baby
Nanana... if we can keep on singin'
I think this world would be a better place for us to live in
You know which way the wind is blowing
But you're helpless every step of the way
Batten down the hatches day by day
But as long as we keep on wondering
Why the world's turning round and round
Could it be baby that it's music we have found... and baby
Nanana... if we can keep on singin'
I think this world would be a better place for us to live in
Nanana... if we can keep on singin'
I think this world would be a better place for us to live in
Rain or shine
It's time to make you mine
You'd better take your chance
On this musical romance

Nanana... if we can keep on singin'
I think this world would be a better place for us to live in
Nanana... if we can keep on singin'
I think this world would be a better place for us to live in
We gotta, we gotta, we gotta keep on singin'...
