

Melancholy Mary

Savo

So youve come to the narrows. You have no room you came to me. You cant see my shadow. You dont see the deceit. Cause in your eyes I see your shame but I dont care. Cause you keep coming back to me Mary and Im always here. A life sewn of trouble a safety net to save you. Our future is doubtful another dj vu ending. Cause in your eyes I see your shame but I dont care. Cause you keep coming back to me Mary and Im always here. Cause in your eyes I see your shame but I dont care. You keep coming back to me. You keep coming back. Cause in your eyes I see your pain but I dont care. Cause you keep crawling back to me Mary and Im always here. You keep coming back. Come and play with me. You keep coming back. Come and play. You keep coming back. Come and play with me. You keep coming back to me, Mary.
