

Wild West Selfishness

Seahaven

No more friends
Never needed them
Read her skin
"Never again." Took your steps
Left me under them
It's wild west selfishness
Someone left you looking for a reason
Found it in the Reverie Lagoon
Hate to see you lose you in illusion
Don't forget who's watching you
Junebug came
Left with everything
Change my name
Change my face 2x:
Someone left you looking for a reason
Found it in the Reverie Lagoon
Hate to see you lose you in illusion
Don't forget who's watching you
