Baby, I can see it in encochs eyes
Baby, I can see it in encochs eyes
Baby, I can see it in encochs eyes
Baby, I can see it in encochs eyesBaby, I can see it in encochs eyes
Baby, I can see it in encochs eyes
Baby, I can see it in encochs eyes
Because breaking these borders will bring new orders
Breaking these borders willAnd if there's hot weather in the summer
We don't need hot weather to get our thoughts together
And if there's hot weather in the summer
We don't need hot weather barricade and come togetherBaby, I can see it in encochs eyes
Baby, I can see it in encochs eyes
Baby, I can see it in encochs eyes
Because breaking these borders will bring new orders
Breaking these borders will
