

Big White Room

Jessie J

Sitting in a big white room alone
Tilt my head back, feel the tears fall down,
I close my eyes to see in the dark,
I feel young, broken so, so scared(ummmm ummmm)
I don't wanna be here anymore
I wanna be somewhere else,
Living free, Like I used to be oh.
But I have to stay in this big white room
With little old...me.

(2x: Chorus)
I'm going crazy
I'm losing my mind
I'm going crazy
In this big white room of mine.

Sitting in a big white room alone
Don't want the pain to come in
(No no no no no no no)
I clench my fist and try to stay strong.
I cry, feel sick,
My heart is beating-bebebe-beating out of control.
Can I run much faster than you?
I wann feel my body again,
Feel the wind in my hair, yeah
But I have to stay in this big white room
Cause no one else cares. (No no no no no no no no no no no)
