Honey & Roses

Fielfraz

Honey and roses spilled over me
Iâ€™m under your feet now where you want me to be
Iâ€™d carry s sunset, slide on your curves
and take your honey and roses, spew out the words

Like honey and roses, you fold out the day
eternityâ€™s right here and it wonâ€™t go away
I lie in your kitchen with salt water eyes
and take your honey and roses, honey and roses

Hey, wann ride your waves
Hey, anything you say.

Weâ€™re so like honey and roses, Venus and Mars
and all little boy dreamers reach out for the stars
me Iâ€™d carry a sunset, slide on your curves
and shake like honey and roses, honey and roses

Hey, wann ride your waves
Hey, anything you say.
