

Proper Education

[Eric Prydz](#)

We don't need no education
We dont need no thought control
No dark sarcasm in the classroom
Teacher leave them kids alone
Hey! Teacher! Leave them kids alone!
All in all it's just another brick in the wall.
(All in all you're just) another brick in the wall. We don't need no education
We dont need no thought control
No dark sarcasm in the classroom
Teacher leave them kids alone
Hey! Teacher! Leave them kids alone!
All in all it's just another brick in the wall.
(All in all you're just) another brick in the wall.
We don't need no education
We dont need no thought control
No dark sarcasm in the classroom
Teacher leave them kids alone
Hey! Teacher! Leave them kids alone!
All in all it's just another brick in the wall.
(All in all you're just) another brick in the wall.
We don't need no education
We dont need no thought control
No dark sarcasm in the classroom
Teacher leave them kids alone
Hey! Teacher! Leave them kids alone!
All in all it's just another brick in the wall.
(All in all you're just) another brick in the wall. We don't need no education...
