Never Give Up

Driver

Every day another war
the world is spinning faster
than it was before
I close my eyes and try to pray
you give me strength
to carry on another dayI hear you say "never give up"
you've got to fight
There'll be peace when you can finally
reach the light
I hear you say "never give up"
you've got to fight
There'll be rest for you
on the other side of night
When the river overflows
and the pressure's bearing down
upon your soul
Look inside beyond the pain
and you will rise to see the power once againI hear you say "never give up"
without a fight
There'll be peace when you can finally
reach the light
I hear you say "never give up"
without a fight
There'll be rest for you
on the other side of nightEvery day another war
the world is spinning
faster than it was before
I hear you say "never give up"
without a fight
There'll be peace when you can tinally
reach the light
I hear you say "never give up"
without a fight
There'll be rest for you
on the other side of night
I hear you say "never give up"
You've got to fight
There'll be rest for you
on the other side of night
