

2nd Sucks

A Day to Remember

Fight You're afraid
Like I make my deals with the devil
You've been at it for years
But couldn't reach that next level Let's keep it real
This is no competition to me
Even if everyone around you acts
Like they don't see Is anybody else listening?
Outta sight, outta mind
Is what you'll always be I hold my cards to my chest
I laid my life on the line
So I expect nothing less from you I speak the truth
And everybody else knows it
So set your ego to the side
And just get the fuck over it Can't waste my time
On hateful people like you
So keep wishing you were me
And I'll keep making you have to Is anybody else listening?
Outta sight, outta mind
Is what you'll always be I hold my cards to my chest
I laid my life on the line
So I expect nothing less from you I just can't believe
It's really come to this
Because without me
You would not exist Alright, hey, hey
Still got somethin' left to say
Only one in the world
I depend on is me I need nothin' from no one
I take what I need
Get a hold of yourself
And keep away from me Is anybody else listening?
Outta sight, outta mind
Is what you'll always be I hold my cards to my chest
I laid my life on the line
So I expect nothing less from you
