

# Amused

## HUNGER

You can hear my heartbeat  
Waiting at the door  
Lately I've been thinking  
Thinking about all of you and more  
You can take that one step  
Just open up the door  
We can make it everlasting  
This can be deeper than before I don't know how you feel  
But all I want is you  
You can be my steering wheel  
I'm holding onto you  
Weaving through the light show  
Kiss on every wall  
We can act as strangers  
Feeling like we could have it all  
There's something about us  
Something that I crave  
We can make it everlasting  
Leaving this city in our wake I don't know how you feel  
But all I want is you  
You can be my steering wheel  
I'm holding onto you I don't know how you feel  
But all I want is you  
You can be my steering wheel  
I'm holding onto you  
I can feel your heartbeat  
Do you feel it too?  
This is everlasting  
Just me and you I don't know how you feel  
But all I want is you  
You can be my steering wheel  
I'm holding onto you I don't know how you feel  
But all I want is you  
You can be my steering wheel  
I'm holding onto you
