Home

The Redwalls

And home is where you hang you head
Is where you rest your bones
Is where you're livin'

And free is how you move your mind
Is how you feel inside
Is what you're doin'

Little girl, yeah, what you doin'?
No one got to tell you its the hardest part
In a world, yeah, but you're knowin'
Goin' it together is the place to start
And though it brings me down

To home
Is where you hang you head
Is where you rest your bones
Is where you're livin'

Oh, little girl, whoa, what you doin'?
No one got to tell you its the hardest part
In a world, yeah, but we're knowin'
Goin' it together is the place to start
And though it brings me down

To home
Is where you hang your head
Is where you rest your bones
Is where you're livin'

And free is how you move your mind
Is how you feel inside
Is what you're doin'
