

# Could Be Me (Feat. Ne-Yo)

MKTO

Never know, never know  
Never know, never know  
Never know, never know  
Never know, never know Sure he's got the money, but he's rude and he's so cold  
Rude and he's cold, but she's with him though  
She sat up straight and stuning but I'm broke as a bad joke  
Broke as a bad joke, which makes me a no go  
She's always talking bout  
She lookin out for the right guy  
But she just can't find  
So baby in the mean time  
She deal with this  
The guy that's rich  
But he might make her cry  
A fellow like me get no try  
And I just don't know why, don't know why What she doesn't see  
Is that I just might be  
What she's lookin for  
What she's lookin for  
If you look in my heart  
Girl and I'm on my knees  
What you're lookin for  
What you're lookin for  
Could be me  
What you're lookin for  
Could be me Never know, never know  
Never know, never know She could do better but the money is her drug  
Money is her drug, she's only tough  
Uh girl I may be borrowing people  
But I'm wealthy in their love  
Wealthy in their love, I got more than enough  
But she wants nice cars and fancy things  
Even though she may be suffering  
And I'm gonna treat her like a queen  
But can't afford the crown, though she turn me down  
A million dollar home, don't feel the same when you know a low  
I really wanna show her so much more than dough  
But the girl won't put me on yea What she doesn't see  
Is that I just might be

What she's lookin for  
What she's lookin for  
If you look in my heart  
Girl and I'm on my knees  
What you're lookin for  
What you're lookin for  
Could be me  
What you're lookin for  
Could be me  
What you're lookin for  
Could be me  
She keeps on searchin for the wrong man  
With the iced out Cartier on hand  
So mean but he look like Tarzan  
Little bitch but he act real hard man  
And she don't know  
I got a heart made of gold  
And the diamonds in my eyes are the size of the globe  
Grade A, not a average Joe  
But you never know, never know  
And when you're finally scared and alone  
I could be the one to answer the phone  
Boss up like a CEO  
On half, MKTO  
So baby when you're done lookin for the top  
I'mma be everywhere that he's not  
I got everything and more than he's got  
It could be me, give me a shot  
What she doesn't see  
Is that I just might be  
What she's lookin for  
What she's lookin for  
If you look in my heart  
Girl and I'm on my knees  
What you're lookin for  
What you're lookin for  
Could be me  
What you're lookin for  
Could be me  
What you're lookin for  
Could be me
