

My Best Days Are Ahead of Me

DJ Cover This

Blowing out the candles
On another birthday cake
Old enough to look back
And laugh at my mistakes Young enough to look at the future
And like what I see
My best days are ahead of me Life hasn't always been a party
But mostly, it's been good
There's only one or two things
That I'd change if I could I don't get lost in the past
Or get stuck in some sad memory, yeah
My best days are ahead of me Age ain't nothing but a number
Sometimes I have to wonder
What does it really mean? But hey, I'm still putting it together
I keep getting better, if I keep getting better
I can be whatever I want to be
My best days are ahead of me Age ain't nothing but a number
Sometimes I have to wonder
What does it really mean? Hey, I'm still putting it together
I keep getting better, if I keep getting better
I can be whatever I want to be
My best days are ahead of me I've got sunsets to witness
Dreams to dance with
Beaches to walk on
And lovers to kiss There's a whole lot of world out there
That I can't wait to see
My best days are ahead of me
My best days are ahead of me
