

Shame

Keith Urban

What you heard is true
The disappointing truth
Is I don't like to lose
Shame on me, shame on me Promises I made
And bills I never paid
Another missed birthday
Shame on me, shame on me Bridges that I burned
And lovers that I hurt
Lessons never learned
Shame on me, shame on me [Chorus]
Hey, I'm not tryin to be perfect
Its not like its worth it
Everyone hurts the same
Hey, I'm not tryin to be special
'Cause I ain't no angel
Everyone hurts the same
What a shame I repeat my words
Sometimes they seem rehearsed
And I speak out of turn
Shame on me, shame on me Bridges that I burned
And lovers that I hurt
Lessons never learned
Shame on me, shame on me [Chorus] That were hiding underneath our skin
And were scared of letting somebody in
Nobody showed us how to live
Or how to be perfect
Its not like its worth it [Chorus: x2]
