Discreet

Cierra Ramirez

All alone , you and me.
Privacy, finally you made it to me. Now it's time to see if you're ready, I wanna see if you're ready.

Baby, I want you to show it off.
Do you want me to take it all off baby?
I wanna give you whatever you need.
But we gotta be discreet.

Ooh, baby you gotta control it, I need you to hold it, yea, up in the air babe.
Don't turn down, we gotta be discreet.
The neighbors be knocking, the people be asking what we've been doing.
Ain't nobody's business what I do.
But we gotta be discreet.

You think I be trippin' when I tell you "baby, don't say nothin'". You think I be trippin' but.. (you think I be trippin').

All alone, gotchu all alone. That's how it's gotta be, yeah.
Ooh, Baby give me your phone.
Oh, Baby cut it off, ooh yeah.

I need your full attention, focus on me.
Protecting my privacy, unh, unh.
Be quiet, fight it. I can see that you tryin'. I know that you're excited.
But we gotta be discreet.

Ooh, baby, you gotta control it, I need you to hold it, yea, up in the air babe.
Don't turn down, we gotta be discreet.
The neighbors be knocking, the people be asking what we've been doing.
Ain't nobody's business what I do.
But we gotta be discreet.

Ooh daddy, wait a minute. You want to be over, you're finished. Wait, don't turn down. Ooh you gotta be discreet.

Ooh, baby you gotta control it, I need you to hold it, yea, up in the air babe.
Don't turn down, we gotta be discreet.
The neighbors be knocking, the people be asking what we've been doing.
Ain't nobody's business what I do.

But we gotta be discreet.

You think I be trippin' when I tell you "baby, don't say nothin'". You think I be trippin' but.. (you think I be trippin'). But we gotta be discreet.
