

Cameo Lover (Sam Sparro & Golden Touch Remix)

Kimbra

this is non stop baby
you've got me going crazy
you're heavier then i knew
but i don't want no other
you're my cameo lover
only here for a moment or two
you stay in side that bubble
with all of your trouble
in your black hole
you turn from the skies
you dance with your demise
i'll be here when you come home, homewe've all gotta break down
let me come and break down there
with you[CHORUS]
cause everyday's like talking in your sleep
love is like a silhouette in dreams
open up you heart! open up your heart!
open up your heart and let me pull you out
everyday's like talking in you sleep
love is like a silhouette in dreams
open up you heart! open up your heart!
open up your heart and let me pull you out of here i've got high hopes baby but all you do is take me down to
depths
that i never knew
you've got two arms baby
they're all tangled in ladies of the black
skies posing blue
let go of your mother
and turn to your brother not along gone lovers noose
sometimes baby the hardest part of
breaking
is leaving pieces behind you oh we've all gotta get by
let me come and hold you high, with you[CHORUS] open up your heart to me!
the sun won't shine if your not looking
love is all you need when everyday's like talking in you sleep
love is like a silhouette in dreams
open up you heart. open open open...when everyday's like talking in you sleep
love is like a silhouette in dreams
open up you heart! open up your heart!

open up your heart and let me pull you out
open up you heart! open up your heart!
open up you heart! open up your heart!
