Truly, Truly True

Roy Orbison

I love you, I do
I love you truly, truly, true
Truly, true
If the world should end today
I could say at least I've had my day with you
Truly, true
Truly baby, I love you
Truly, truly, truly, true
And for some, the world may end
But for us it will begin again, and again
Truly, true
I love you, I do
I love you truly, truly, true
Truly, true
