

# Growing Pains

Katy Perry

You would think that I could find a simple song, a photograph of mine  
To show this public eye, what I have to offer  
I may not have a PHD, or speak in eloquent philosophy!  
I'm nothing more than simply me you see!

CHORUS(\*1):

What I am trying to say  
I'm just a babe in so many ways!  
I'm still growing, still stretchin'  
Still breaking in these new shoes  
Looking for a way to make a mark of my own  
I'm just a spring chick, wet behind the ears  
It's a part of life so there's no need to fear  
These growing pains that I'm going through  
I don't regret, I'm not ashamed that I haven't yet begun to speaketh ways...  
(As the wisest of men), oh perhaps some day  
But for now I'm grateful to be a part of the family tree, while The Man upstairs does His work on me  
It's a job that may take eternity to complete

CHORUS(\*2):

Just when I've learned all I can, those growing  
Pains up and kick on in again!

CHORUS

BRIDGE:

Time after time, one more time and again, will it ever end?  
It's the lessons in our lives that make us wise  
But young or old I am told it's the same  
Oh, these growing pains never go away, so I'll just keep on trying

Music break

CHORUS(\*1)

CHORUS

Oh, baby don't worry about a thang!
