

2getha Baby

Ghostface Killah

Together baby, together baby
Baby, just you and me, whoa
Yo, yo, aiyyo, it's Tone, crispy like a pair of headphones
Used to play the 280 party rec rooms
Now I play the big spots all in the city
Spread champagne, scopin' out bitties
Pick one, thick one son with small titties
It really doesn't matter as long as she's pretty
Come here mami, dancin' right beside me
Tommy Hilfiger cut, skin like Halle
She looked like she get it from her momma
That's right Michelle, I'm Obama
Or maybe she get it from Madonna
'Material Girl', I still don ya
Jewels is for the girl if she do well
Knew she was dangerous, she rode me up too well
Her jelly roll shakin' like she into the well
She wanna put my name on her new nails
Together baby, together baby
Baby, just you and me, whoa
Together baby, together baby
Baby, just you and me, whoa
Yo, yo, aiyyo, I roll on bitches, like a skateboard
Got a few friends that give they cake to whores
Me that's a no, no, stars take control of a chick
Then I go deep like Tony Romo
Kick 'em right out and the day starts over
Where I don't stop drinkin' and I can't stand sober
In the morning when I wake up I get up just to ill
TD Bank is what I do with the mills
Bracelets, Cuban neck is on chill
Polar bear ice, I stay dressed to kill
I found my thrill on Blueberry Hill
Hittin' the haze, now I'm on stilts
I'm too high, struggle like Precious
Love doctor, niggaz, get the message
When it comes to baggin' a chick, don't be impressive
I get girls, y'all fellas is desperate
Together baby, together baby

Baby, just you and me, whoa
Together baby, together baby
Baby, just you and me, whoa
Yeah, yeah, yo, yo son tap that girl, excuse me miss
You gangster, far from a bougie chick
Love the way you talk, your jeans fit nice
Still a lil' hood in you, you just my type
Go 'head swallow that new roll, no disrespect
You front on me tonight, I'ma bag me a new hoe
Spank that ass like a real papichulo
Picture me Neutron I sit you right on your culo
Together baby, together baby
(That's right, sexy lady, come and have a seat, baby)
Baby, just you and me, whoa
(Come get a taste of this Patron and Nuvo)
(This that Jimmy Neutron, baby)
Together, baby, together, baby
(Your lipstick lookin' all good put your lips on this baby)
Baby, just you and me, whoa
(Come sip on this, alright? Check it out, let's go)
