Shy Boy

Rocket from the Crypt

Here he comes in his Sunday best
Here he comes and you know he is depressed
Be careful what you say he's the shy boy
Be careful what you say he's the shy boyYeah, he is the shy boy
Yeah, he is the shy boy
Leave him alone, leaveHere he comes in his Sunday best
Here he comes and you know he is depressed
Be careful what you say he's the shy boy
Be careful what you say he's the shy boyYeah, he is the shy boy
Yeah, he is the shy boy
Leave that guy alone
Leave that guy alone
Leave that guy alone, leave
