

All I'll Ever Need

Anderson East

You can't catch it in a picture
Oh, this beauty could never see
Cause your love, your love, sweet darling
It's all I'll ever need
You can't buy it with all your money
Oh, a rich man I'll always be
Oh, cause your love, your love, sweet darling
It's all I'll ever need

Couldn't go on without your love to guide me
Couldn't go on without whispering your name
I'd give up all I ever had just to let you know
That your love keeps me coming home

You could hold me as your captive
Oh, lock me up, throw away the keys
Oh, cause your love, your love, darling
It's all I'll ever need

Couldn't go on without your love to guide me
Couldn't go on without whispering your name
I'd give up all I ever had just to let you know
That your love keeps me coming home

You could steal the stars from heaven
And all the water from the deep blue seas
Oh, cause your love, your love, darling
It's all I'll ever need
Your love, darling, your sweet love, darling
It's all I'll ever need
