Jaden Smith

Swag Swag Swag Swag Roll up cash get grown
MCM backpack that says rap pack on it
Man, I am about to go ham
I don't even have a swag on Oh JB where my calls at?
All you lil jockers better fall back
Couple million on a movie, what you call that?
I don't give a ***** someone tell me where the stalls at? Swaggie
Young Smitho say i got swag probably won't say 'ditto'
Cuz I am the only one, they call me the Holy one
I ain't tryna force you, but you callin' me Obi Wan So get up on this
I'm lookin for a hot one
Talkin bout a boyfriend hope that you ain't got one
Even if you do we can make it work though
Girl I'm not a jerk I just wanna see you twerk
Oh jeez
Back it up til you feel my hands touchin you
Girl Im tryna kick it
No I'm not in love with you
Here for one night so let's go get in some trouble
So I'll go handle the bill you can be Mrs. Huxtable Oh your body lookin like a soda bottle
Say you wanna got to Germany lets go tomorrow
Cuz you certainly lookin like the hottest model
When you in that dress, Oh yes YOLO that the motto Oh I'm usually scared of some long term
Mess it up as soon as I say the wrong words
What doesn't kill me is probably gone make me stronger
I'm a workaholic oh yes that's why you call me Anders Bring the guitar in, they bringing us all in
Were waiting a valet, they bringing my car in
We're making a Maybach movie
And its staring me and my clique
We're kicking it like a side kick So get up on this
I'm lookin for a hot one
Talkin bout a boyfriend hope that you ain't got one
Even if you do we can make it work though
Girl I'm not a jerk I just wanna see you twerk
Oh jeez
Back it up til you feel my hands touchin you
Im just tryna kick it but now I think I'm in love with you
Here for one night so let's go get in some trouble
So I'll go handle the bill you can be Mrs. Huxtable Oh please don't cry to me baby

Please don't lie to me baby
Come over here close your eyes with me baby
Yeah this world is so harsh, come survive with me baby Oh bad times yeah we had those
Back when I was rockin bad flows
Back when I wouldn't do battles
Hehe back when the jocker was rockin afros So get up on this
I'm lookin for a hot one
Talkin bout a boyfriend hope that you ain't got one
Even if you do we can make it work though
Girl I'm not a jerk I just wanna see you twerk
Oh jeez
Back it up til you feel my hands touchin you
Im just tryna kick it but now I think I'm in love with you
Here for one night so let's go get in some trouble
So I'll go handle the bill you can be Mrs. Huxtable (x2)
