Playing For Keeps

Elvis Presley

I have been playing for keeps, this time it's real
And I want you to know, exactly how I feel
I have been playing for keeps, I'm sure this time
And I won't be happy, until I know you're mine
There have been others, that could love me true
But no one else can thrill me like you do
I have been playing for keeps, oh love me too
Oh, don't make me sorry, that I fell in love with you
There have been others, that could love me true
But no one else can thrill me like you do
I have been playing for keeps, oh love me too
Oh, don't make me sorry, that I fell in love with you
(In love with you)
