No Dice

Fu Manchu

No time, like now, Straight down
Mountainside, They went, they tried
Overload, 2 down, I know
Bright green light, I seen, full flightNo shoes, No shirt, No diceI might know, Full view, we're told
Sounds allright, High fly, Down 9
Strange machine, This time, It climbs
I know where, Southbound, they saidNo shoes, No shirt, No diceNo shoes, No shirt, No diceNo shoes, No shirt, No diceNo shoes, No shirt, No dice
