

Bone China

50 Foot Wave

Living this close to the bone
I can't get home
Um, no just panicking
Did you hear the phone?Bone China
No, no
Christ, this is not smartI would think you'd be happy
To be reminded of where
Your body is in space
But you don't seem to careBone China
No, no
Christ, this is not smartLast gasp nymphomania
Somehow desexualized
Gonna wash that man right out of my head
And soap him into my eyesAnd soap him into my eyes
And soap him into my eyes
And soap him into my eyes
And soap him into my eyesAnd soap him into my eyes
And soap him into my eyes
And soap him into my eyes
And soap him into my eyes
