

# Night Slave

## DZ Deathrays

Been looking for something, and I don't know what  
Still living for the weekend since a decade though  
Got no inhibitions, got no plans to stop  
Class rewind, I'mma take that for a course  
Can't love you long  
I pass through the night  
Sleeping thorough a dream, I stay  
Dancing through the fog  
Decision's time, right through the  
Hold on to a  
Dance into the night slave!  
Still hear all the voices trapped in the void  
Your best friend had me save you, Sunday morning  
No more cigarettes now, bad light joints  
Fast forward through the week day for a chorus, alright!  
Can't love you long  
I pass through the night  
Sleeping thorough a dream, I stay  
Dancing through the fog  
Decision's time, right through the  
Hold on to a  
Dance into the night slave!  
Night slave, night slave
