

# You Won't Let Me Down Again

Isobel Campbell & Mark Lanegan

You sold your soul when  
you drank the morning dew  
Down on your luck and  
so thirsty through and through  
The crack in the mirror tells  
of 7 years of pain  
And you won't let me down again Drive through the night  
just to see the ocean green  
Race to the coast  
there's no tellin' where I've been  
Both eyes on the road ahead  
Don't wanna look behind  
But you won't let me down again  
10 miles of the city  
And I lose you in the rain  
So you won't let me down again Aeroplane, aeroplane  
race across the fields  
Taking me home  
Was further from the deals  
you thought I was a weaker man  
Give up without a sound  
But You won't let me down again  
Stregnth is in the solitude  
I tried to obtain  
But you wont let me down again  
A Head full of visions  
I struggle to recall  
Those ancient of wisdoms  
Are poured into us all  
Air will crackle in the heat  
The harvest moon will wane  
And you won't let me down again  
I don't look for pity  
So if it's all the same  
You won't let me down again  
You won't let me down again
